

## ACCOUNTING BASIS OF THE REPORT

This report has been prepared on a modified cash basis of accounting, consistent with the prior fiscal year.

Expenditures are charged against appropriations of the year in which they are paid.

Revenues are recognized when received except, in the General and Transportation Funds, for certain accrued taxes and Indian gaming payments and for Federal and other restricted grant revenues which are recognized when earned. The amount of accrued taxes and Indian gaming payments recorded at June 30, 2008, and June 30, 2007, are as follows:

## LETTER OF TRANSMITTAL

December 31, 2008

The Honorable M. Jodi Rell  
Governor of the State of Connecticut  
State Capitol  
Hartford, Connecticut

Dear Governor Rell:

It is my pleasure to provide you with the *Annual Report of the State Comptroller- Budgetary Basis* for Fiscal Year 2008. The statements have been prepared on a modified cash basis of accounting to allow for a financial presentation that is consistent with the budget formulation and budget implementation process adopted by the Governor and State Legislature.

Fiscal Year 2008 ended with a General Fund surplus of \$99.4 million. The entire surplus has been reserved for Fiscal Year 2009 spending. In the absence of legislation reserving the surplus for spending initiatives, that money would have been deposited into the State's Budget Reserve Fund. The Budget Reserve Fund has a current balance of \$1,381,748,346.01. This is equal to 8 percent of net General Fund appropriations for Fiscal Year 2009, and falls short of its statutory target by \$325 million.

Final results for Fiscal Year 2008 show General Fund spending growth of 8.8 percent or \$1.3 billion. This is a relatively high rate of growth based on recent historical trends. Since 1991, General Fund spending has exceeded 9 percent only three times and has been below 3 percent five times. This high rate of spending was largely supported through the carry forward of prior year funds. Carry forward funding is a method of using prior year revenues to support current year spending. Meeting current year spending needs through prior year revenue windfalls is not sustainable and historically has worsened the State's fiscal position in times of recession by building spending into the budget that can not be supported in the absence of revenue windfalls.

The carry forward from Fiscal Year 2007 to Fiscal Year 2008 was \$831.1 million. The carry forward from Fiscal Year 2008 to Fiscal Year 2009 was \$504.1 million. Had this funding not been used for operating expenditures it would have been used to fill the rainy day fund and to pay down state debt.

Some notable areas of increased General Fund spending in Fiscal Year 2008 are as follows: Department of Social Services up \$408 million, a majority of the increase was in Medicaid;

Honorable M. Jodi Rell  
December 31, 2008  
Page 2

Teacher's Retirement up \$106.6 million to fund pension obligations; Department of Education increased \$257.4 million primarily to fund higher grant payments to towns; Department of Corrections spending increased by \$65.9 million; Department of Children and Families was up \$50.3 million; and, fringe benefit costs grew by more than \$100 million.

General Fund revenue grew by 4.3 percent or \$676.2 million in Fiscal Year 2008. This occurred despite the poor economic indicators that were reported throughout most of the fiscal year. The income tax grew 11.3 percent or \$763.2 million offsetting losses in other tax categories. The largest of those losses was in the corporation tax, which fell by \$156.8 million.

The Transportation Fund ended Fiscal Year 2008 with a fund balance of \$178.3 million. This is a \$14.7 million reduction in fund balance from the prior year. Revenues in the Transportation Fund were \$63.3 million short of Fiscal Year 2008 budget expectations largely due to falling demand for gasoline in the wake of rising prices. Lower spending helped to mitigate the revenue shortfall.

During Fiscal Year 2008, initial figures show Connecticut added 6,000 payroll jobs. In Fiscal Year 2007, the State gained 20,800 jobs. The State's unemployment rate ended the fiscal year at 5.5 percent, its highest rate since August of 2003. Existing home sales in Connecticut hit a ten year low during Fiscal Year 2008, while new housing permits declined 25 percent. Taxable sales were weak expanding 2.5 percent. Personal income in Connecticut grew by close to 4 percent throughout most of Fiscal Year 2008 and ranked in the top quarter of all states for income growth. Connecticut's export industries continue to show strength with exports continuing to expand at double-digit rates coming into the fiscal year.

I also issue a Comprehensive Annual Financial Report. This report is prepared in accordance with Generally Accepted Accounting Principles (GAAP). The cumulative General Fund deficit as of June 30, 2007 was \$994.3 million down \$64.4 million from the prior year. Over the past three fiscal years the GAAP deficit has averaged \$1.030 billion. The Fiscal Year 2008 GAAP figures will be released at the end of next month.

I would be happy to provide any additional information that you require, or to discuss this report with you at your convenience.

Sincerely,

Nancy Wyman  
State Comptroller

**INDEPENDENT AUDITORS' REPORT**  
**ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND**  
**OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN**  
**ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS***

Governor M. Jodi Rell  
Members of the General Assembly

We have audited the combined civil list financial statements of the State of Connecticut, as of and for the year ended June 30, 2008 and have issued our report thereon dated December 31, 2008. As stated in our report on the basic financial statements, we did not audit the financial statements of certain agencies, funds and component units. Those financial statements were audited by other auditors whose reports, including their reports on internal control over financial reporting and on compliance have been furnished to us, and our report on the basic financial statements and this report, insofar as it relates to the amounts included for those agencies, funds, and component units and their internal control over financial reporting and compliance, is based on the reports of the other auditors. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, except that the audits of certain component units of the State, as described in the aforementioned report on the combined civil list financial statements, were not conducted in accordance with *Government Auditing Standards*.

**Internal Control Over Financial Reporting:**

In planning and performing our audit, we considered the State of Connecticut's internal control over budgetary-basis financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinion on the combined civil list financial statements, but not for the purpose of expressing an opinion on the effectiveness of the State of Connecticut's internal control over budgetary-basis financial reporting. Accordingly we do not express an opinion on the effectiveness of the State of Connecticut's internal control over budgetary-basis financial reporting.

Our consideration of internal control over financial reporting was for the limited purpose described in the preceding paragraph and would not necessarily identify all deficiencies in internal control over financial reporting that might be significant deficiencies or material weaknesses. However, as discussed below, we identified certain deficiencies in internal control over financial reporting that we consider to be significant deficiencies.

Governor M. Jodi Rell  
Members of the General Assembly

We have audited the combined civil list financial statements of the State of Connecticut, as of and for the year ended June 30, 2008 and have issued our report thereon dated December 31, 2008. As stated in our report on the basic financial statements, we did not audit the financial statements of certain agencies, funds and component units. Those financial statements were audited by other auditors whose reports, including their reports on internal control over financial reporting and on compliance have been furnished to us, and our report on the basic financial statements and this report, insofar as it relates to the amounts included for those agencies, funds, and component units and their internal control over financial reporting and compliance, is based on the reports of the other auditors. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, except that the audits of certain component units of the State, as described in the aforementioned report on the combined civil list financial statements, were not conducted in accordance with *Government Auditing Standards*.

**Internal Control Over Financial Reporting:**

In planning and performing our audit, we considered the State of Connecticut's internal control over budgetary-basis financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinion on the combined civil list financial statements, but not for the purpose of expressing an opinion on the effectiveness of the State of Connecticut's internal control over budgetary-basis financial reporting. Accordingly we do not express an opinion on the effectiveness of the State of Connecticut's internal control over budgetary-basis financial reporting.

Our consideration of internal control over financial reporting was for the limited purpose described in the preceding paragraph and would not necessarily identify all deficiencies in internal control over financial reporting that might be significant deficiencies or material weaknesses. However, as discussed below, we identified certain deficiencies in internal control over financial reporting that we consider to be significant deficiencies.

A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency, or a combination of control deficiencies, that adversely affects the entity's ability to initiate, authorize, record, process, or report financial data reliably in accordance with generally accepted accounting principles such that there is more than a remote likelihood that a misstatement of the entity's financial statements that is more than inconsequential will not be prevented or detected by the entity's internal control. A list of items that we consider to be significant deficiencies in internal control over financial reporting follows:

1. The Office of State Comptroller did not provide a complete update of its State Accounting Manual and improvements in the governance of the Core-CT system to ensure that State departments and agencies can properly and effectively operate in the decentralized environment.
2. The Core-CT accounting system did not provide its users with automated functionality in reporting certain grant receipt, grant expenditure, grants receivable and deferred grant revenue activity.
3. The Core-CT accounting system did not provide the Office of State Treasurer with functionality that would facilitate the efficient and automated reconciliation of cash activity.
4. The Core-CT accounting system does not charge refunds of payments to the agency and revenue accounts of their original source.
5. The State Comptroller did not produce its budgetary-basis financial statements in compliance with generally accepted accounting principles.

The reportable conditions noted above are further described in our *Auditors' Report, State Comptroller - State Financial Operations, for the Fiscal Year Ended June 30, 2008*. The State's management response to the findings identified in our audit is not audited by us, and accordingly, we express no opinion on it.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected by the entity's internal control.

Our consideration of the internal control over budgetary-basis financial reporting was for the limited purpose described in the first paragraph of this section and would not necessarily identify all significant deficiencies that are also considered material weaknesses. However, of the reportable conditions described above, we consider the failure to produce budgetary-basis financial statements in compliance with generally accepted accounting principles to be a material weakness.

We have noted other matters involving the internal control over budgetary-basis financial reporting that we have reported, or will report, to the State's management in separately issued departmental audit reports covering the fiscal year ended June 30, 2008.

### **Compliance and Other Matters:**

As part of obtaining reasonable assurance about whether the State of Connecticut's budgetary-basis financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

We have noted certain immaterial instances of noncompliance or other matters that we have reported, or will report, to the State's management in separately issued departmental audit reports covering the fiscal year ended June 30, 2008.

This report is intended solely for the information and use of the Governor, the State Comptroller, the Appropriations Committee of the General Assembly, and the Legislative Committee on Program Review and Investigations and is not intended to be and should not be used by anyone other than these specified parties. However, this report is a matter of public record and its distribution is not limited.

## INDEPENDENT AUDITORS' REPORT

Governor M. Jodi Rell  
Members of the General Assembly

We have audited the accompanying combined civil list financial statements of the State of Connecticut as of and for the year ended June 30, 2008, as listed in the beginning of this report. These combined civil list financial statements are the responsibility of the State's management. Our responsibility is to express an opinion on these combined civil list financial statements based on our audit. We did not audit the financial statements of the Special Transportation Fund which represent 6 percent and 18 percent, respectively, of the assets and receipts of the Special Revenue Funds; we did not audit the financial statements of the Transportation Special Tax Obligations Fund, which represent 93 percent and 99 percent, respectively, of the assets and receipts of the Debt Service Funds; and we did not audit the financial statements of the Clean Water Fund-Federal Account, the Drinking Water Fund-Federal Account or that portion of the University Health Center Hospital Fund involving patient receivables, which represent 84 percent and 15 percent, respectively, of the assets and receipts of the Enterprise Funds. Those financial statements were audited by other auditors whose reports thereon have been furnished to us, and our opinion, insofar as it relates to the amounts included for the aforementioned funds and accounts, is based solely on the reports of other auditors. All of the aforementioned audits were conducted in accordance with auditing standards generally accepted in the United States of America. In addition, the audits of the Special Transportation Fund, Transportation Special Tax Obligations Fund, Clean Water Fund-Federal Account and Drinking Water Fund-Federal Account were conducted in accordance with standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, except that the audits of certain civil list funds of the State, as described above, were not conducted in accordance with *Government Auditing Standards*. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the general purpose financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the combined civil list financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall combined civil list financial statement presentation. We believe that our audit and the reports of other auditors provide a reasonable basis for our opinion.

As discussed in the note presented on the inside cover of this report, the State of Connecticut has prepared these financial statements using accounting practices prescribed by the State Comptroller, which practices differ from accounting principles generally accepted in the United States of America. The effects on the financial statements of the variances between these regulatory accounting practices and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material.

The financial statements referred to above present only the civil list funds of the State of Connecticut and are not intended to present fairly the financial position and results of operations of the State of Connecticut in conformity with accounting principles generally accepted in the United States of America. Management has not presented government-wide financial statements to display the financial position and changes in financial position of its governmental activities, business-type activities, and discretely prepared component units. Management also has not provided notes to the financial statements, a management discussion and analysis, and information on depreciation expense, disclosure of all types of debt and infrastructure assets on the financial statements. All of which has been determined as necessary by accounting principles generally accepted in the United States of America.

In our opinion, because of the effects of the matters discussed in the preceding paragraphs, the financial statements referred to above do not present fairly, in conformity with accounting principles generally accepted in the United States of America, the financial position of the State of Connecticut, as of June 30, 2008, or the changes in financial position, or where applicable its cash transactions for the year then ended.

In our opinion, based on our audit and the reports of other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the combined civil list funds as of June 30, 2008, and the cash transactions of such funds for the year then ended, in conformity with the basis of accounting described in the note presented on the inside cover of this report.

In accordance with *Government Auditing Standards*, we have also issued our report dated December 31, 2008, on our consideration of the State of Connecticut's internal control over budgetary-basis financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grants. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be read in conjunction with this report in considering the results of our audit.

Our audit was performed for the purpose of forming an opinion on the combined civil list financial statements of the State of Connecticut taken as a whole. The combining and individual fund and account group financial statements and schedules, listed in the table of contents of the Annual Report of the State Comptroller, are presented for purposes of additional analysis and are not a required part of the combined civil list financial statements. Such information has been subjected to the auditing procedures applied in the audit of the combined civil list financial statements and, in our opinion, is fairly presented, in all material respects, in relation to the combined civil list financial statements taken as a whole.

We did not audit the data included in the sundry section of the Annual Report of the State Comptroller, and accordingly, express no opinion thereon.

# SPECIAL REVENUE FUNDS

## Statements:

EXHIBIT C	Balance Sheet
SCHEDULE C-1	Statement of Cash Receipts and Disbursements

## Comments:

Special revenue funds account for the proceeds of specific revenue sources (other than for major capital projects) that are legally restricted to expenditure for specified purposes.

## Transportation Fund Statements:

SCHEDULE C-2	Balance Sheet
SCHEDULE C-3	Statement of Unappropriated Surplus
SCHEDULE C-4	Statement of Estimated and Realized Revenue
SCHEDULE C-5	Statement of Appropriations and Expenditures

## Comments:

The Transportation Fund operates under a budget adopted by the General Assembly. Its major sources of revenue are motor fuels taxes and motor vehicle receipts.

## Other Budgeted Special Revenue Funds:

SCHEDULE C-6	Statement of Appropriations and Expenditures

SCHEDULE E-5	Bond Commission Allocations Available

## Comments:

Capital projects funds are established to account for grants and for bond issue proceeds in accordance with acts passed by the General Assembly which specify the purpose of the issues and limit the amount to be spent. Actual bond retirement is made through the General Fund or the various debt service funds. Bond proceeds which are not required immediately are invested for additional revenue. Funds required before bond issue date are obtained by sale of short term notes.

Occasionally during the fiscal year, cash resulting from bond refunding was used to purchase investments in U.S. Government Securities which were placed into an irrevocable trust for the eventual payment of certain bonds which are considered to be defeased at the fiscal year end. A summary of these transactions follows.

<b><u>Refunding Date</u></b>	<b><u>Refunding Bonds Issued</u></b>	<b><u>Defeased Bonds</u></b>
