DEPUTY COMPTROLLER

STATE OF CONNECTICUT  
OFFICE *of the* STATE COMPTROLLER  
165 Capitol Ave.  
Hartford, CT 06106

September 30, 2024

The Honorable Ned Lamont  
Governor of the State of Connecticut  
State Capitol  
Hartford, Connecticut

Dear Governor Lamont:

I write to provide you with the legal financial statements for Fiscal Year 2024. These statements have been prepared in accordance with statutory provisions designed to incorporate designated expenditure accruals of Generally Accepted Accounting Principles (GAAP) into the budget process. It is important to recognize that these statements have not been fully audited at this writing. The figures are subject to final audit adjustment and should be viewed as preliminary results. Final audited statements will be released on or before December 31, 2024.

The General Fund ended Fiscal Year 2024 with a surplus of \$400,945,886. In a typical year, once the audit is completed, the surplus would be transferred to the Budget Reserve Fund (BRF). However, the balance in the BRF has exceeded the statutory limit of 15% of current year net General Fund appropriations and reached the 18% limit of next fiscal year's net General Fund appropriations. Therefore, a separate provision of the Connecticut General Statutes (CGS) will apply as described below. The Special Transportation Fund had an operating surplus of \$288,707,371, which left a positive fund balance of \$967,853,700 at the close of Fiscal Year 2024.

In FY 2024, for the seventh consecutive year, significant progress was made toward building and maintaining the balance of the BRF. This was primarily due to the revenue volatility cap, first implemented in FY 2018. This statutory provision requires revenues above a certain threshold to be transferred to the BRF. For FY 2024, the cap was just under \$3.8 billion for estimated and final income tax payments and revenue from the Pass-through Entity tax. At year-end, a volatility transfer of \$1.32 billion was made to the BRF.

Prior to the close of FY 2024, the balance of the BRF was just over \$3.3 billion. Adding the \$1.32 billion volatility transfer brought the BRF total to just over \$4.6 billion, or 20.3% of net General Fund appropriations for FY 2025. As a result, the BRF was temporarily above the statutory 18% cap, which increased from a 15% cap in prior years pursuant to PA 23-1. According to CGS Section 4-30a (c)(1)(C), the State Treasurer must transfer the balance above the 18% threshold as additional contributions to the State Employee Retirement Fund (SERF) and the Teachers' Retirement System (TRS). Earlier this month, the State Treasurer transferred \$335.0 million to SERF to reduce unfunded pension liability, with the remaining balance of \$273.2 million going to TRS.

In addition, once the audit of FY 2024 operations is complete and the General Fund surplus is confirmed, \$324.9 million is anticipated to be transferred to SERF and TRS to further reduce unfunded past service liability. Achieving and surpassing the 18% threshold represents an important benchmark for Connecticut.

Due to fiscal discipline and hard work, our state is in a much stronger position to provide critical services to those in need and to weather any future downturns in the economy.

## **General Fund**

The FY 2024 budget plan as initially formulated included a built-in General Fund surplus of \$399.7 million. Surplus estimates declined from the original budget plan early in the year due to higher than budgeted spending projections, especially related to Medicaid and a change in the accounting treatment of certain state employee fringe benefits. In the spring, the revenue outlook improved, and the projected surplus was reduced by Public Acts No. 24-81 and 24-151, the FY 2024 budget and finance, revenue and bonding bills. Certain provisions affected FY 2024, including increasing FY 2024 General Fund net appropriations by \$89.3 million and increasing the General Fund revenue transfer from FY 2024 to FY 2025 by \$110.0 million. General Fund revenues finished the year higher than anticipated, partially offsetting the additional expenditures. After accounting for continued appropriations, this resulted in a General Fund surplus of \$400.9 million, \$1.2 million higher than budgeted.

General Fund expenditures totaled \$22,779,438,951 in FY 2024. This represented an increase of \$580.5 million, or 2.6% above FY 2023 spending levels. Medicaid, the single largest line item in the General Fund, experienced expenditure growth of \$454.3 million or 15.5% over FY 2023, partly due to the end of pandemic-related enhanced Federal reimbursements. Debt service payments increased in FY 2024 by a combined \$194.8 million for General Obligation and UCONN-related bonds. The increase was primarily due to a one-time expense for the early retirement of the state's outstanding General Obligation GAAP Bonds using \$211.7 million in FY 2023 surplus funds. Investing in our education system and families, state spending increased for Education Cost Sharing grants (+\$54.4 million), Excess Cost grants for special education (+\$25 million), and Care4Kids childcare assistance (+\$23.7 million). Pandemic relief programs were phased out, reducing expenditures for Premium Pay (-\$110.1 million) and Early Childcare Provider Stabilization Payments (-\$69.9 million) compared to FY 2023. Contributions for Teachers' retirement and the unfunded liability portion of the State Employees' Retirement System (SERS) changed by -\$23.5 million and \$63.3 million, respectively, as the state continued to fulfill its responsibility to fully fund its pension systems. Expenditures for State Employee and Retiree Health Service Costs fell by a combined \$133.6 million, as a result of savings from a new Medicare Advantage Prescription Drug plan administrator and the restructuring of fringe benefits for the Higher Education Constituent Units. Finally, it should be noted that the budget transferred various municipal grant programs from the General Fund to the Municipal Revenue Sharing Fund, reducing General Fund spending in FY 2024 by \$573.5 million. The full FY 2024 General Fund statement of appropriations and expenditures by line item is presented in Schedule B-3.

General Fund revenues totaled \$22,716,129,951, which represented a decrease of \$106.8 million, or -0.5% from FY 2023 levels. While revenues were budgeted to decline further, realized revenues exceeded the budget plan by \$210.8 million or 0.9%. Consistent with a strong labor market and wage growth throughout the year, the withholding portion of the Personal Income Tax performed well, coming in above its budget target and growing by \$349.3 million or 4.2% over prior year. The Sales and Use Tax underperformed the budget plan by \$296.5 million but still grew by 1.2% over FY 2023 collections. Supported by higher interest rates, Investment Income increased by \$87.0 million. Other changes from last year include lower revenues from Inheritance and Estate Tax (-\$88.8 million), higher Federal Grants (+\$62.9 million), and higher Miscellaneous Tax revenues (+\$73.4 million) driven by a technical change.

Despite earlier indications to the contrary, the estimated and finals (E&F) portion of the Personal Income Tax grew by \$230.0 million or 7.9% from the prior year, buoyed by strong stock market results for calendar year 2023. Pass-through Entity Tax and E&F revenues exceeded the budget plan by \$149.1 million and \$494.2 million, respectively. However, there was no net impact to the General Fund from those variances because of the volatility cap. The complete statement of estimated and realized revenue for FY 2024 is presented in Schedule B-2.

## **Special Transportation Fund**

Special Transportation Fund (STF) spending totaled \$2,048,792,448 in FY 2024, growing by \$184.0 million or 9.9% compared with FY 2023. Several expenditure increases resulted from funding program expenses in the STF that were previously funded another way. The largest category of increase was Rail Operations, which grew by \$83.3 million or 56.1% above FY 2023 levels, as appropriations replaced temporary federal funding used in FY 2023 and new service levels were set. Expenditures increased by \$60 million for the Town Aid Road Grants program for municipalities, which was previously funded by state bond authorizations of the same amount. Debt service increased by \$52.2 million or 6.4%. This was primarily due to new bond issues in recent years to support greater investments in Connecticut's transportation infrastructure. Salaries in the STF (all line items) declined by \$6.1 million or 2.4% in FY 2024 due to the absence of the 27<sup>th</sup> payroll, which occurred in FY 2023, more than offsetting increases to employee compensation.

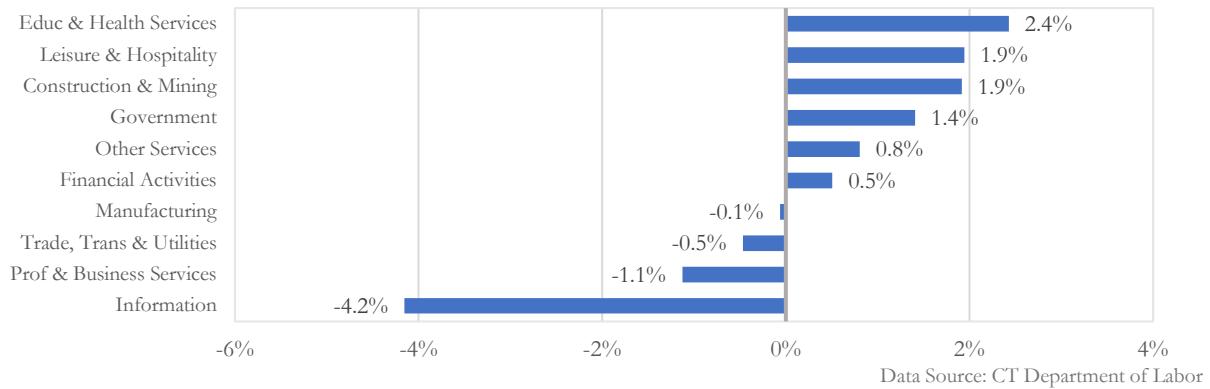

Special Transportation Fund revenue totaled \$2,410,570,593, which was \$58 million or 2.5% above the budget plan for FY 2024. Total revenue was \$341.2 million or 16.5% more than FY 2023 levels, primarily on account of \$242.5 million higher receipts of Motor Fuels Tax following the gas tax holiday in FY 2023. Several taxes underperformed the budget plan including the Highway Use Tax (-\$29.7 million), Oil Companies Tax (-\$28.4 million), and STF Sales and Use Tax (-\$15.8 million). Positive performance by Motor Vehicle Receipts (+\$24.7 million) and Licenses, Permits, and Fees (+\$18.5 million) versus the budget plan helped offset these losses. In addition, largely due to interest rates remaining high, STF investment income grew by 21.4% in FY 2024, coming in \$27.9 million above its budget target. Transfers into the fund increased by \$37.7 million from FY 2023 levels due to earnings and interest on Special Tax Obligation bonds issued during the fiscal year. The complete statement of Transportation Fund estimated and realized revenue for FY 2024 is presented in Schedule C-2.

## **Economic Outlook**

Connecticut's budget results are ultimately dependent upon the performance of the national and state economies. In FY 2024, the economy proved itself resilient to the highest interest rates in twenty years, with continued growth in jobs and consumer spending. Inflation, though, continued to run too hot for the Federal Reserve to cut interest rates, hurting interest-rate sensitive sectors such as housing.

In FY 2024, Connecticut recovered all the nonfarm jobs lost in the March to April pandemic lock down period, with total nonfarm jobs at 105.2% of pre-pandemic levels in June 2024. The state's labor force grew 1.1% over the course of the fiscal year, contributing to employment growth of 12,000 positions (0.7%). The unemployment rate peaked at 4.5% in February, before declining to 3.9% in June. Overall, six industry sectors experienced annual growth and four declined year-over-year. Private Education and Health Services had the largest gain, while the Information sector lost the greatest share of its positions. Job growth compared to pre-pandemic levels is concentrated in three sectors: Private Education and Health Services; Trade, Transportation and Utilities; and Construction.

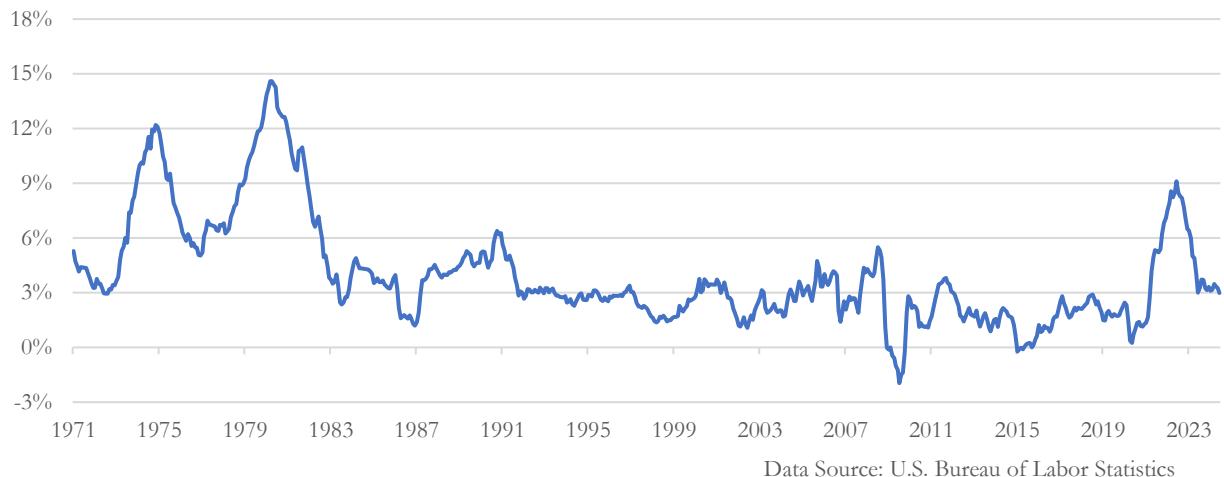

### CT Nonfarm Employment YoY Change

The U.S. labor market remained strong, adding a total of 2.6 million net jobs over the year according to initial estimates. Unemployment remained very low, averaging a 3.8% rate, with the tight labor market gradually loosening. The nation recovered 100% of the 22 million jobs lost in March and April of 2020 back in July 2022. All industry sectors grew over the fiscal year, led by Private Education and Health Services. The Government and Construction sectors also saw notable job gains.

Throughout FY 2024, the Federal Reserve held the federal funds target rate at 5.25-5.5%, the highest level since 2007, to try to get inflation back down to its target rate (2%). Despite that, growth in prices for shelter, insurance, and other services proved stubborn, even as inflation on goods cooled. Overall inflation was still at 3.0% year-over-year in June according to the Consumer Price Index but was trending lower. Higher interest rates on mortgages, credit card debt, and business loans hit various sectors and consumers, but wage growth outpacing inflation and the strong labor market continued to support the economy.

### Consumer Price Index

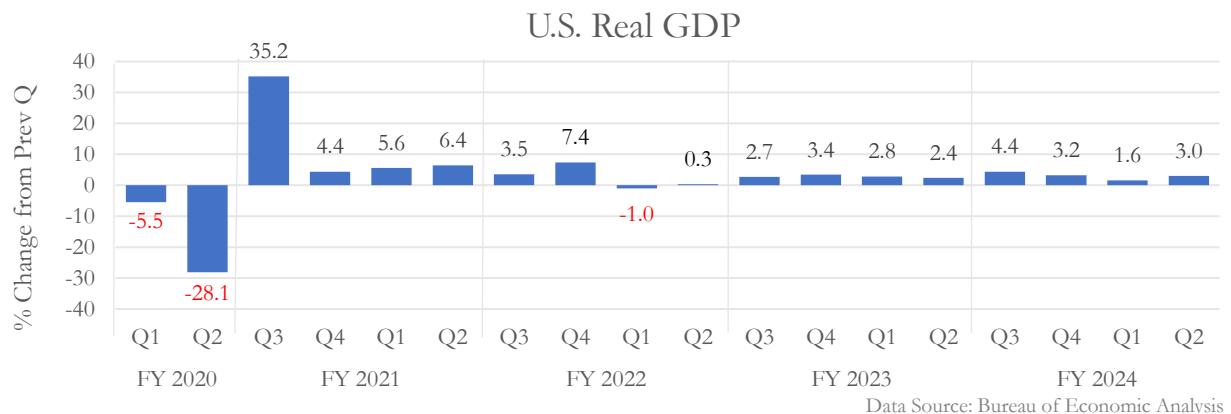

The S&P 500 Index ended 2023 at 4,769.83, a rise of 24.2% for the calendar year, while the tech heavy NASDAQ Composite Index was up a massive 43.4% at year end on high hopes for cutting-edge artificial intelligence technology. Strong equity market growth continued into the first half of 2024.

The housing market remained challenging for buyers in FY 2024, with median prices up 10% and sales down 14% year-over-year in Connecticut, as higher interest rates and the limited supply of homes hurt affordability. Homeowners that had locked in 3% interest rates from buying or refinancing during the pandemic proved reluctant to trade their mortgages for rates around 7%, resulting in fewer listings. Nationally, the median sales price reached a record high of \$426,900 in June 2024, according to the National Association of Realtors. Rent increases slowed nationally, thanks to a swell of new multifamily rental units

coming online. Nonetheless, some locations in Connecticut continued to see 5% year-over-year increases in the cost of apartments in FY 2024.

All quarters of FY 2024 saw growth in U.S. Gross Domestic Product (GDP), with inflation-adjusted national GDP growth of 3.0% between the second quarters of 2023 and 2024. Connecticut's economic growth over the fiscal year was slightly lower at 2.7%, with annualized growth of 2.5% in the third quarter of 2023, 5.8% in the fourth quarter, -0.3% in the first quarter of 2024, and 2.8% in the final quarter of the fiscal year.

My office also issues an Annual Comprehensive Financial Report as an accounting supplement to the budgetary report. This annual report includes financial statements for all state funds and component units prepared in accordance with Generally Accepted Accounting Principles (GAAP). From a balance sheet perspective, the GAAP unassigned fund balance in the General Fund was a negative \$643.9 million as of June 30, 2023. I will report the new unassigned fund balance figure for Fiscal Year 2024 no later than February of 2025 in accordance with U.S. Securities and Exchange Commission (SEC) requirements.

If you have any questions on this report, please do not hesitate to contact me.

Sincerely,

Sean Scanlon  
State Comptroller
