## **RETIREMENT SERVICES DIVISION MEMORANDUM 2025-2**

# January 7, 2025

# TO ALL HEADS OF STATE AGENCIES

### ATTENTION: Human Resource, Benefit and Payroll Officers, and State Employee Participants in the 457 Plan and 403(b) Plan

### SUBJECT: 2025 IRS Maximum Contribution Limits

### I. Introduction

The purpose of this memorandum is to announce the limits set by the Internal Revenue Service (IRS) for 2025. These limits apply to contributions to the State of Connecticut 457 Plan and the State of Connecticut 403(b) Plan.

### **II.** Contribution Limit

Each year, the IRS sets a maximum amount that employees may contribute to certain types of defined contribution plans. These limits apply to both the 457 plan and the 403(b) plan.

- For 2025, the maximum amount someone under the age of 50 may contribute is \$23,500.
- Employees who will attain age 50 or above by December 31, 2025, may contribute an additional \$7,500, for a total of \$31,000.
- Beginning in 2025, an employee who may contribute an even larger amount in any calendar year in which the employee's 60th, 61st, 62nd, or 63rd birthday occurs. In those years, the employee may contribute a total of \$34,750 (\$11,250 added to the limit for ages 50 and below). **Please note** employees who are eligible for this increased limit will not also be eligible for the age 50+ catch-up.

The annual limit applies to pre-tax contributions, post-tax contributions, or any combination of the two. Employees who are eligible to participate in both the 457 and 403(b) plans may contribute an amount up to the 2025 maximum to each plan.

Employees who have applied for and been approved for the 457 plan Special Three-Year Catch-Up option may be eligible to contribute a maximum of \$47,000 in 2025. If you are eligible and wish to use the Special Three-Year Catch-Up option, you must apply to do so during the year *before* the one in which you want to begin making such contributions.

#### **III. Restarting and Increasing Contributions in 2025**

Employees who elected to stop their contributions to the 457 plan and/or the 403(b) plan during 2024 must act if they want to re-start their contributions for calendar year 2025.

An employee who was terminated on an employment record will also need to take action to restart contributions following reemployment on that record.

If an employee's deductions were suspended automatically due to the employee's having reached the IRS maximum in 2024, we will restart contributions without further action by the employee.

Employees can make contribution changes and restarts for the 457 and 403(b) plans on the <u>www.CTDCP.com</u> website, on the Empower app, or by calling Empower at **844-505-SAVE** (7283).

The attached Payroll Cut-off Schedule shows the date on which instructions to restart or change contributions will become effective, based on the date each request is received by Empower. If a contribution change is requested after an employee's limit has been reached, the change will take effect in the following year.

An employee's current contribution elections will continue for 2025, unless the employee initiates a change. Nevertheless, **all** employees are encouraged to review their first paycheck in January 2025 to confirm that their 457 and/or 403(b) plan contribution amount is correct.

#### **IV. Monitoring Annual Contributions**

The system will now suspend contributions **automatically** once an employee's IRS limit is reached. However, employees are still encouraged to monitor their total plan contributions to avoid exceeding the IRS limit.

### V. Conclusion

Payroll and Human Resources Personnel are encouraged to provide this information to all employees. Questions regarding the 457 and 403(b) plans should be directed to Empower, either by calling 844-505-SAVE (7283) or visiting the dedicated website for the State of Connecticut defined contribution plans at <u>www.CTDCP.com</u>. Employees may also contact the Retirement Services Division at <u>DeferredCompPlans@ct.gov</u>.

Very truly yours,

John W. Herrington Director
